

OUR 2021 SUPPLIER DIRECTORY NOW BIGGER & BETTER

foodfocus
THE RIGHT WAY

As part of the Food Risk Forum stable, Food & Beverage Reporter (FBR) and Food Focus (FF) will be combining their 2021 Supplier Directories to offer you the best of print and digital exposure for your business.

3,000 print copies of the directory will be distributed in the first quarter of 2021 to key players in the foodbev sector, and will be available on both websites. In addition to this, your digital listings will be hosted on the Food Focus website, benefitting from the extensive traffic to the site, and our ongoing marketing of the Directory to the industry.

If you're a supplier of foodbev ingredients, packaging and processing equipment or products, logistics or any supporting services then you won't want to miss this great opportunity to showcase your products and services to a wider audience.

PAID: A stand-out boxed listing with your logo (in colour), a 100-word description of your business and full contact details.

FREE: A simple, classad-style listing (company name and website/email/tel in ONE category).
