

SOIL AND BIODIVERSITY

Fun Soil Facts

95% of our food comes from soils

An earthworm can digest its own weight in soil every 24 hours
50% of the earth's soil passes through earthworms guts each year

Soil is a Home to more than 25% of our planet's biodiversity

One hectare of soil contains the weight equivalent of 2 cows of bacteria

C02

Soil organisms help soils store carbon and reduce GHG emissions

There are more organisms in 1gram of healthy soils than there are people on Earth
